Do you have what it takes to be a Young Marine?

The Young Marines is a non-profit, nationwide youth leadership and service program, for boys and girls between the ages of 8 through 18. The Young Marines program educates and inspires its members through instructional and adventurous activities that focus on character building and leadership; along with promoting a healthy, drug-free lifestyle. The Young Marines is the official youth program of the U.S. Marine Corps.

All Young Marine recruits participate in a "boot camp" training period. As recruits progress through training, they earn the privilege of wearing the Young Marine uniform. This rigorous training instills a sense of pride and personal accomplishment that forms a basis of a newfound confidence and self-esteem. Graduation Day is a proud and memorable day in the life of every recruit. It is the day when the distinguished title of "Young Marine" is bestowed.

ACTIVITIES & TRAINING Instruction covering citizenship, leadership, physical fitness, school, home activities, and close order drill are given to all Young Marines. They also participate in camping, field trips, community service, parades, color guard events and much more. Additional opportunities (i.e. SPACES summer travel, leadership schools) are offered as Young Marines advance in rank.
